

Decision Management (glossary)

decision management

The printable version is no longer supported and may have rendering errors. Please update your browser bookmarks and please use the default browser print function instead.

Analysis of possible decisions using a formal evaluation process that assesses identified alternatives against established criteria. (Created for SEBoK)

Source

This definition was developed for SEBoK v 1.0.

Discussion

Stakeholders should have input to the guidelines used to determine which issues should be included in the analysis.

SEBoK v. 2.10, released 06 May 2024
