Mooz, H., Forsberg, K., Cotterman, H. 2003. *Communicating Project Management*. Hoboken, NJ, USA: John Wiley and Sons. p. 159.

Discussion

It is critical to consider disposal from the very outset of the project. It is also not enough to consider only the end-of-life of the product(s) produced during the project. The process of producing a product will have byproducts which need to be managed and properly disposed of.
