Jackson, S., & Ferris, T. (2013). Systems Engineering, 16(2), 152-164. Available at: https://www.researchgate.net/publication/277141735_Resilience_Principles_for_Engineered_Systems Accessed on August 23, 2016.

Usage

This source is considered a primary reference for the System Resilience article.

Annotation

This paper is a compilation of resilience principles from various sources including the Hollnagel, et al (2006) book. It also discusses the concept of the vulnerability of principles and the dependency among them.
