Jackson, S., & Ferris, T. (2013). Systems Engineering, 16(2), 152-164. Available at: [https://www.researchgate.net/publication/277141735\\_Resilience\\_Principles\\_for\\_Engineered\\_Systems](https://www.researchgate.net/publication/277141735_Resilience_Principles_for_Engineered_Systems) Accessed on August 23, 2016.

## Usage

---

This source is considered a primary reference for the System Resilience article.

## Annotation

---

This paper is a compilation of resilience principles from various sources including the Hollnagel, et al (2006) book. It also discusses the concept of the vulnerability of principles and the dependency among them.
