Jackson, M. 1985. "Social Systems Theory and Practice: the Need for a Critical Approach". *International Journal of General Systems*, 10, 135-151.

Usage

This source is considered a primary reference for the following articles:

- History of Systems Science
- Systems Approaches

Annotation

This reference deals with the critical thinking of system science, it defines a framework of problem types which goes beyond traditional hard and soft systems and includes some of the wider social system influences.
