Voas, J.M., and G. McGraw. 1998. *Software Fault Injection*. Hoboken, NJ, USA: John Wiley & Sons.

Usage

This source is considered a primary reference for the Business Activities Related to Product Systems Engineering article.

Annotation

The book introduces techniques for injecting faults into software as a means for verifying functionality and in particular robustness of the software.

SEBoK v. 2.11, released 25 November 2024
